

VISIONEERS

VOLUNTEERING WITH A VISION

WHO WE ARE

Visioneers offers professionals exciting opportunities in Berlin and abroad to do something for the greater good. With an extensive local and international network, we design customized volunteer programs, through which professionals come together to create long lasting and positive social impact. We operate under the basic objective to inspire responsible leadership, empower professionals to tackle global challenges and connect business with society.

WHAT WE DO

Since its founding in mid-2015, Visioneers has developed an impressive array of programs:

- **Weekly Activities** (to support refugees based in Berlin): cooking, music, sport, German instruction, computer lessons, etc.
- **Action Days / International Events:** customizable programs, like helping refugees with moving, organizing picnics and social excursions around Berlin. In addition, international volunteering trips to Costa Rica.
- **Professional Support:** Mentoring Program, training workshops, etc.
- **In-Office Volunteering**

Visioneers is active in Berlin and Latin America.

WHY VOLUNTEER WITH US

Through its many volunteer opportunities, Visioneers presents your organization the design, planning and management of social projects that support an organization's management of Corporate Social Responsibility (CSR) goals and responsibilities. Through such events, a business can:

- **Strengthen long-term profits** through enhancing the institution's reputation with relevant stakeholders
- **Reduce business and legal risk** through compliance with the highest ethical standards
- **Make a positive impact** in the lives of others whilst contributing to strengthening the community in Berlin and abroad

WHY VOLUNTEER WITH US

Moreover, volunteering contributes to team building, and gives employees the chance to engage outside the workplace, provide professional consulting on their topics of expertise, network with other companies, whilst making a noticeable impact in society.

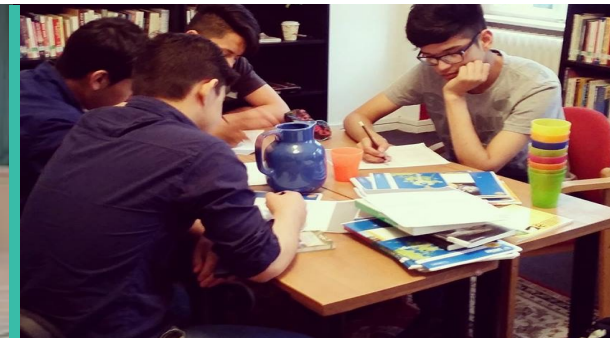

CURRENT VOLUNTEERING PROGRAMS

WEEKLY VOLUNTEERING OPPORTUNITIES

We invite professionals to participate in diverse ongoing activities working with refugees in Berlin, including:

EMPLOYEE ACTION DAYS / INTERNATIONAL EVENTS

Employee Action Days offer an exciting, customizable team-building project, which we plan and deliver for your organization at your choice of location in Berlin. For example:

- Organize a picnic or fun event for refugees with food and games
- Organize a Christmas party at your office for refugees
- A social excursion day taking disadvantaged children to the park

In addition, companies are invited to participate in the Global Volunteering Program, including volunteering trips to Costa Rica, to develop lasting connections.

PROFESSIONAL SUPPORT

In our (Adult) Mentoring program, we mentor refugees and place them with companies in roles as trainees, interns, etc. For this, we need mentors, who can make a regular commitment. For volunteers, it is the chance not only to inspire someone but to hone influencing skills in others' lives and careers.

In addition, there are opportunities to lead workshops (for example, for CV writing training or interview technique workshops).

And, we have also successfully developed a teen mentoring program, which we will expand to corporate sponsors as a volunteering opportunity this year.
